Tech Zone

There are two technical zones on the course, where the riders pass a total of three times during a lap of the red course. The zones are within a short walking distance of the arena.

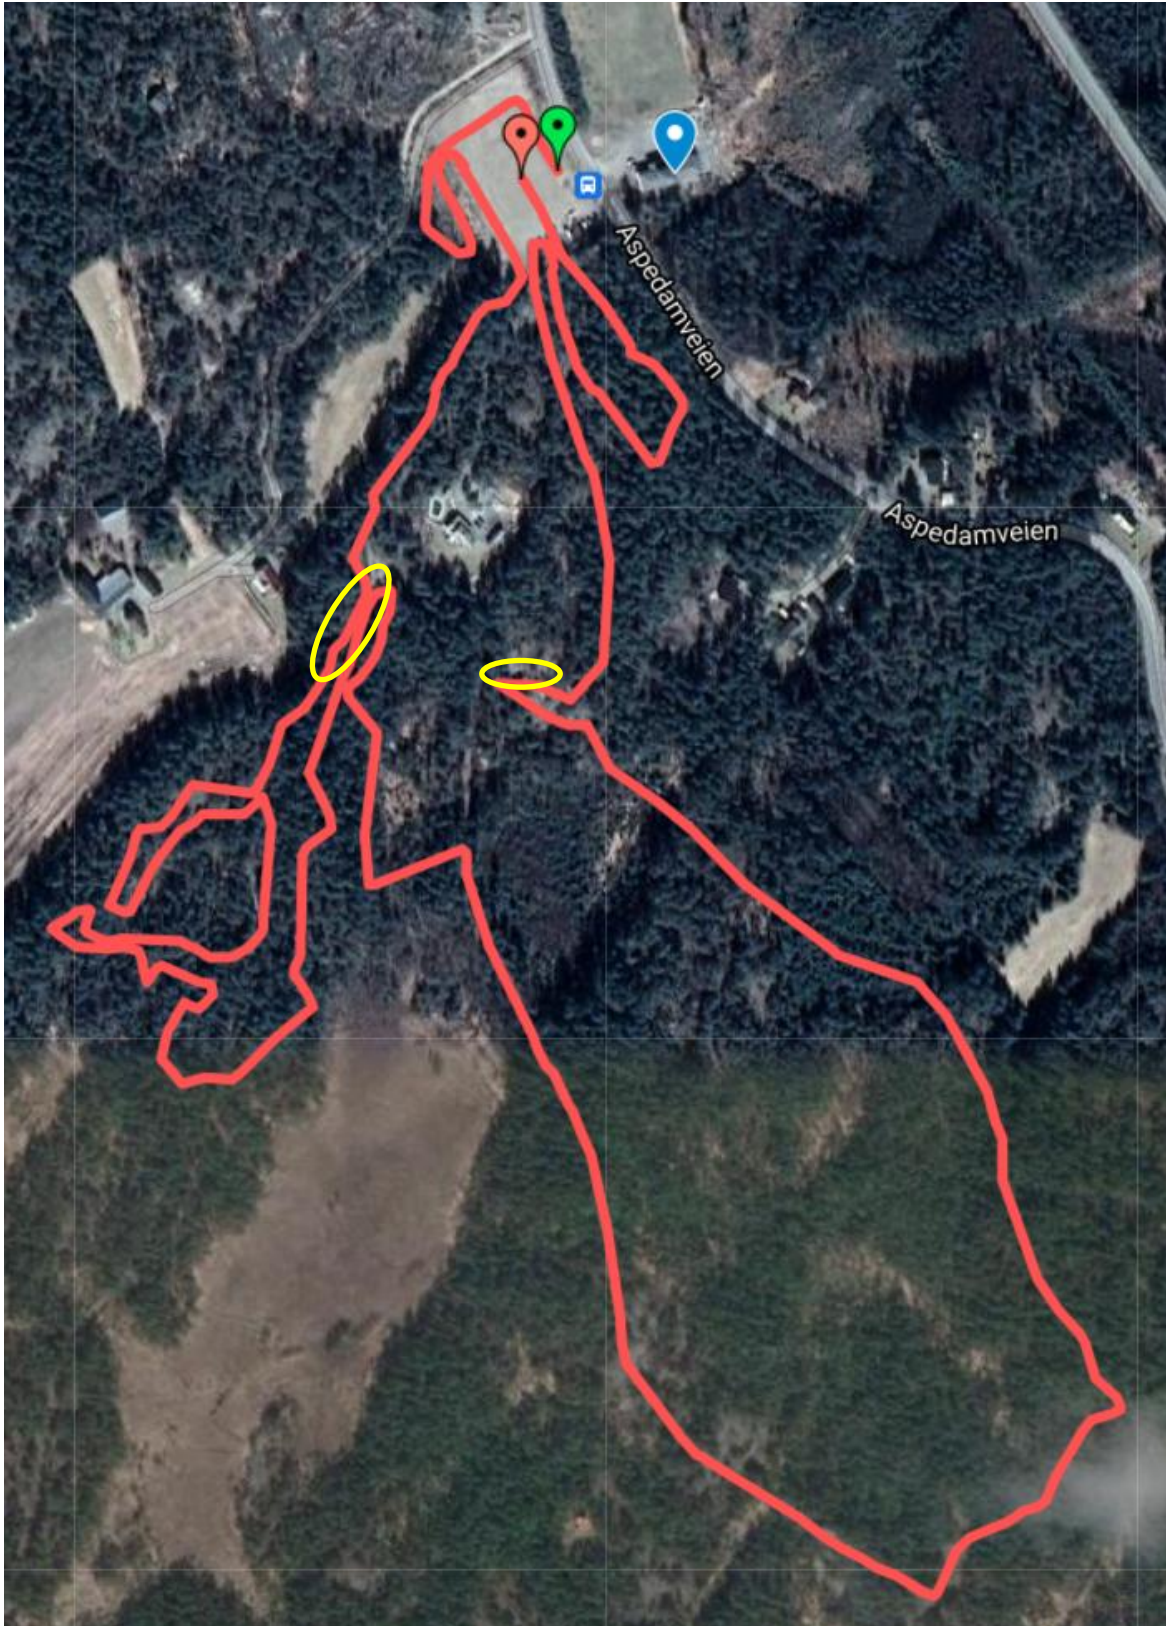

Riders can receive both technical support and feed in both long zones. The first small zone is only technical support. If there are any changes, we will review these at the team leaders' meeting.

It will be mandatory to wear team/club jersey in tech zone for all classes. For the senior, junior, master and other classes that start together with NC classes must also have a visible accreditation card.

The clubs/teams collect accreditation cards from the race office, and these must be returned after use.

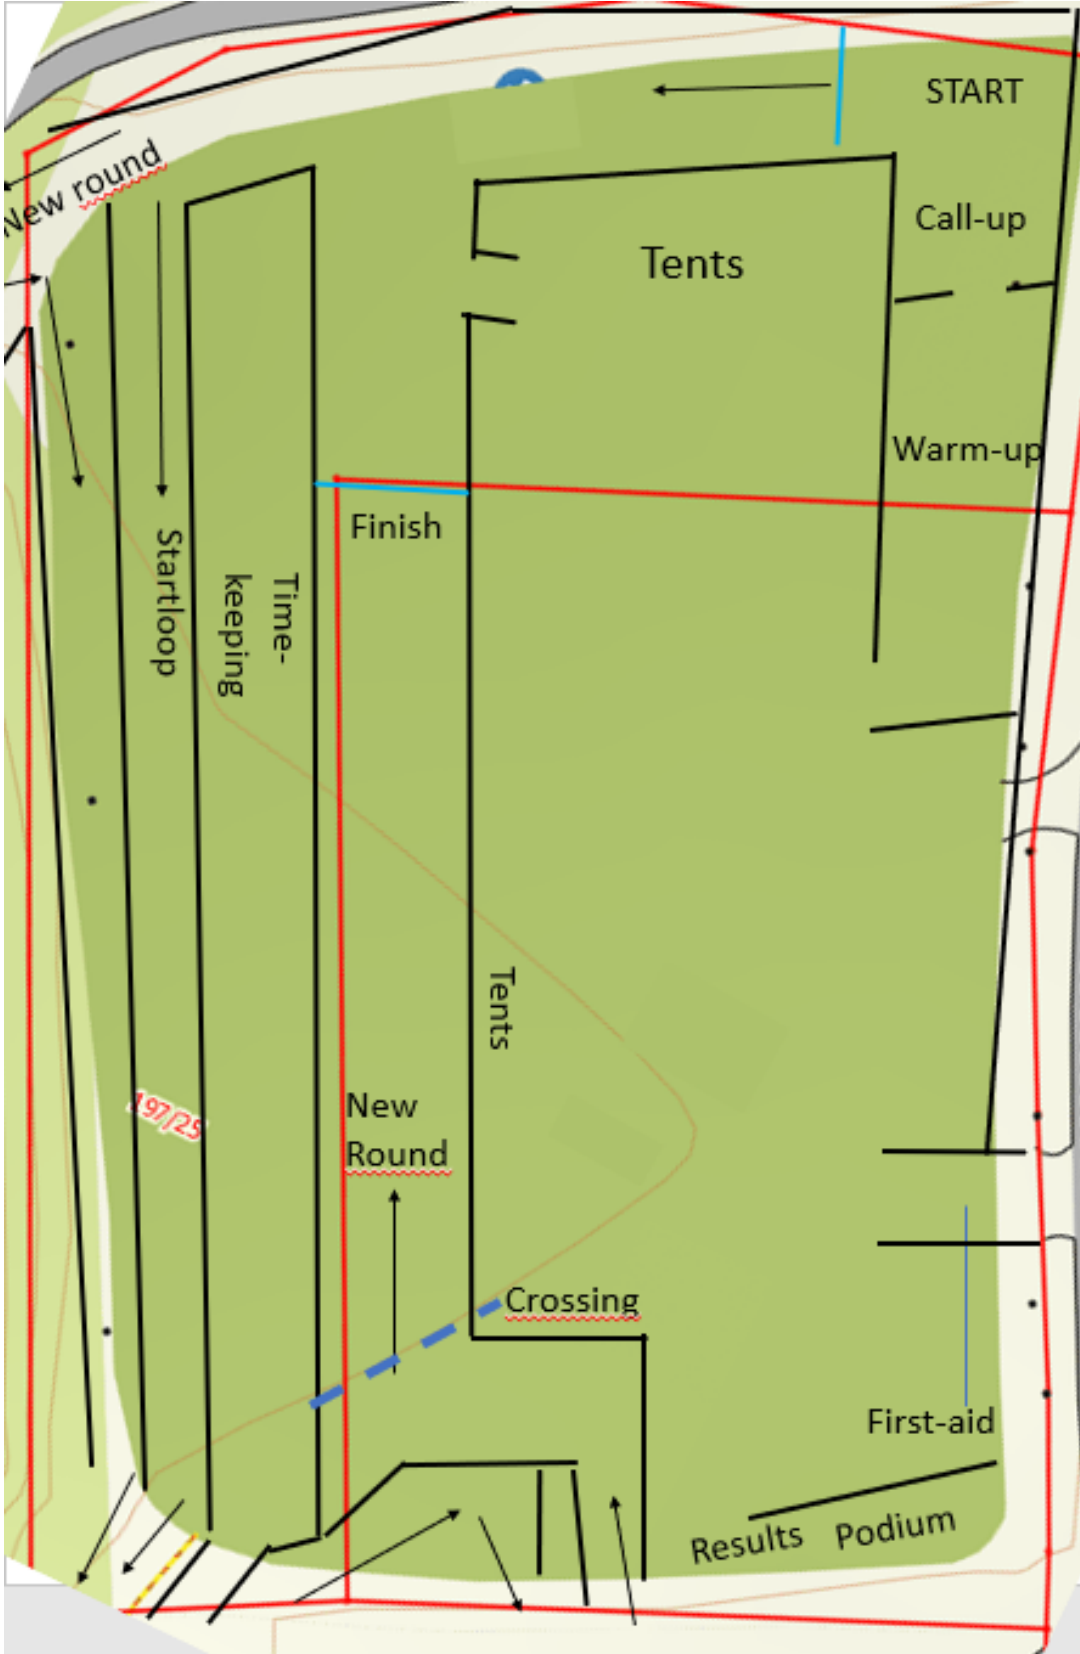

See where in the red course the zones is situated on next page, marked in yellow.
